Internet Access/WAN Bucks County Free Library

The bid has been split into 2 separate awards.

- The bulk of the WAN & ISP has been awarded to Sunesys. This includes Gigabit WAN connectivity for Bensalem, Doylestown, Langhorne, Levittown, Perkasie, Quakertown, Yardley, Feasterville, Northampton, Southampton and Warminster. It does not include ISP services, nor WAN connectivity to Fallsington, Morrisville, New Hope, Riegelsville, Wrightstown or Pipersville. Those locations, the smallest two tiers of requested bandwidth with under 10 computers each, do not have the traffic to warrant the cost of inclusion.
- The bid results have been shared with Fallsington, Morrisville, New Hope, Pipersville, Riegelsville and Wrightstown. BCFL has recommended that the bid be awarded to Comcast, via their standard 50/50 or 100/100 broadband access plan with static IP.
