

Elementary School Program Outline

Program name: Character Caricatures

Age Group: 6-18

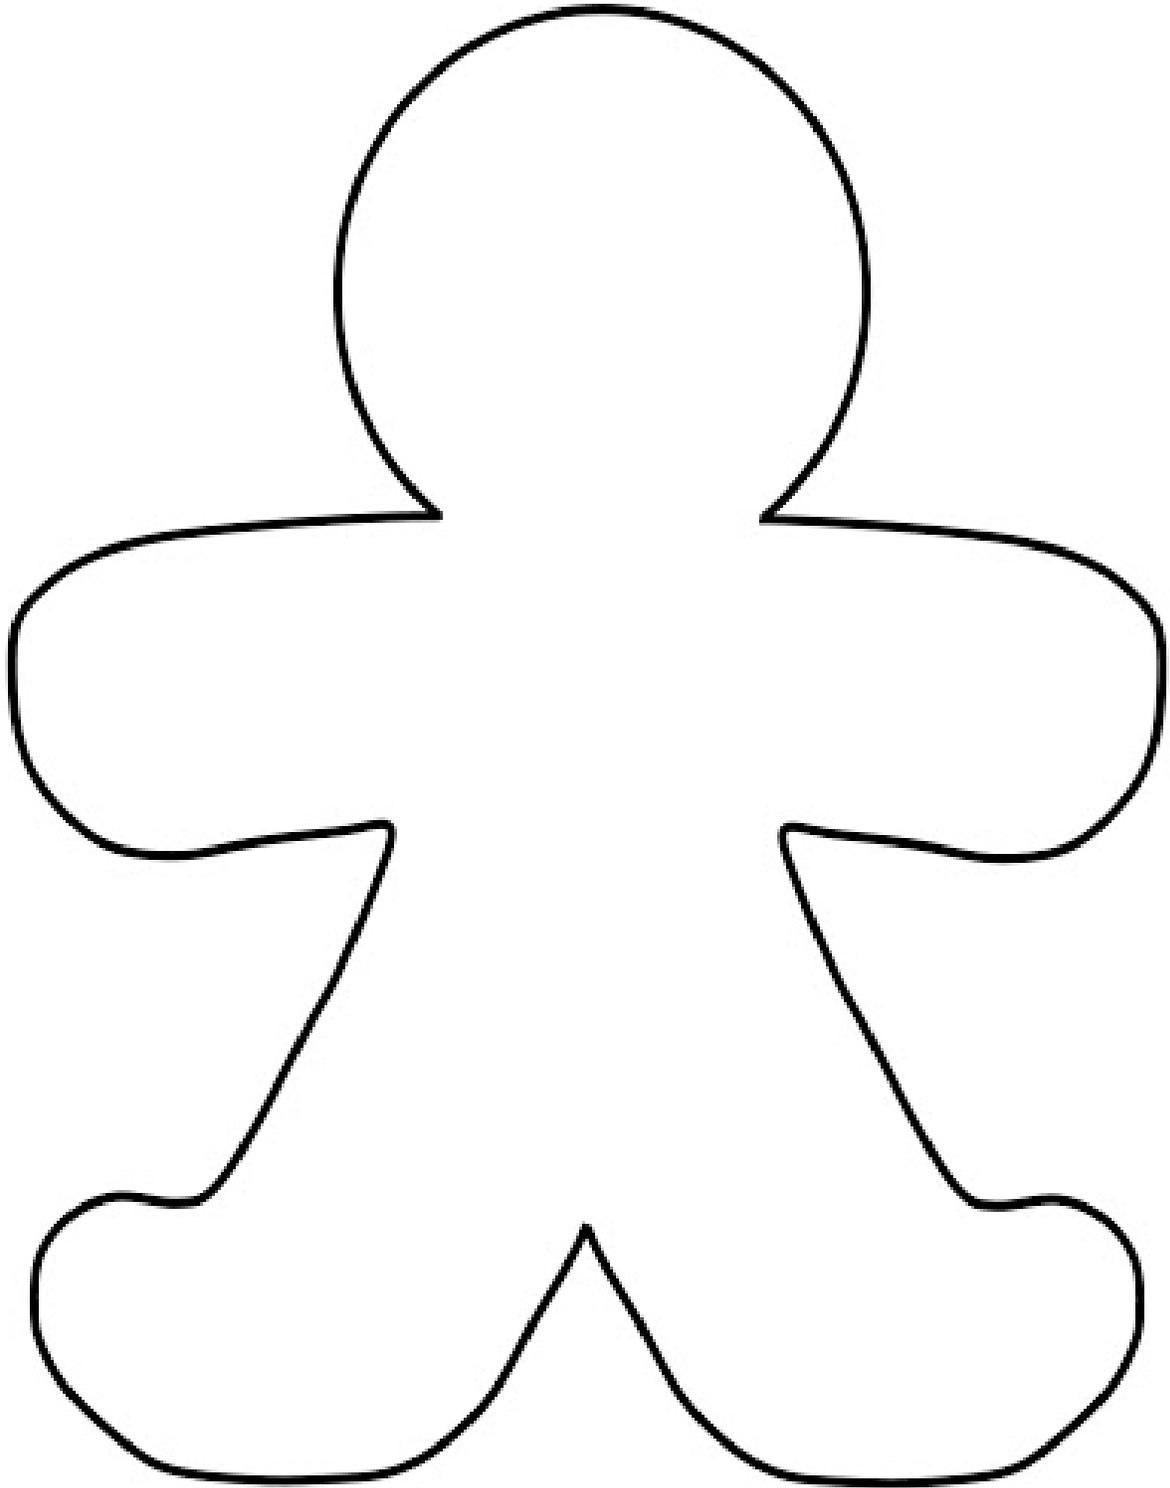

Time frame: a few minutes to cut out, as many as you want to color and a few to write the character's name on the back

Program Goal: Writing skills, fine motor skills, reading skills, thinking on your favorite character

Program Supplies: Print out, scissors, coloring implements, your local library

Program Outline: There's nothing quite like your favorite book. It brings you joy and happiness and the characters in the book can seem like a close friend. Which character is your favorite? With this program, you'll help decorate the library and get to show off your art skills by creating a character caricature!

What's a caricature? It's a drawing you create of something or someone. For this program, you'll be creating a caricature of your favorite book character on the download attached. Then you'll cut it out and write which character it is on the back. Next, you'll bring it in to one of the Bucks County Free Library branches and that librarian will send it to the Bensalem branch. From there, we will place it up on our display for all to see!

My Favorite Character is:
