## **1. Purpose and Background**

Bucks County Free Library (BCFL) is seeking proposals from Vendors for the purpose of obtaining information and firm bids for Vendors of library materials and related value-added services. BCFL seeks to establish a contract with one or more Vendors to procure materials for all audiences and value-added services.

The budget for physical library materials for calendar year 2026 is approximately \$1,500,000 from all funding sources, which includes independent libraries. BCFL may choose to divide this budget among multiple Vendors and therefore cannot guarantee the actual amounts which will be purchased from any one Vendor. BCFL in its sole discretion will decide which selected Vendor is most suitable to provide required materials and services for each order.

## **About Bucks County Free Library**

The Bucks County Free Library is a seven-branch county library system with locations in Bensalem, Doylestown, Langhorne, Levittown, Perkasie, Quakertown, and Lower Makefield.

As a designated Pennsylvania public library district and system, the Bucks County Free Library collaborates on county wide projects, shares a public catalog, and provides collection development, materials processing, cataloging, and delivery services to 11 additional independent libraries in Bucks County. These libraries are independently governed and managed by their local boards and directors.

## **2. Scope of Services**

BCFL is seeking a Vendor to provide cost effective and timely provision of library materials for all audiences including adult, teen and juvenile audiences as well as selection tools, physical processing, cataloging and other value- added services.

Value added services include but are not limited to: automatic order plans; web based bibliographic resources; selection lists and other selection tools (including pre-publication lists) for all audiences; electronic transmission of orders using the EDI standard, MARC catalog records; linked data services and shelf-ready item services including adaptive and copy cataloging and physical processing of materials.

## **3. Proposal Requirements**

Firms interested in providing the services described above are requested to submit the following information. Responses to each item should appear in the same order as in this RFP and should designate by heading and paragraph the item to which the response applies.

### **3.1. Company Information & Executive Summary**

Please provide the following information:

- Vendor's full company or corporate name
- The company's office location responsible for performance under a contract with BCFL.
